### Congratulations Mr. Sellens

It was remiss of us not to have this announcement in last week's newsletter. On Friday 29th October Mr. Sellens welcomed Thea Sloane into the family. Mum and bub are doing really well. Mr. Sellens has spent the last week at home having some quality family time.

## Change Of Date For Presentation Night

We have decided to make a change to the end of year Presentation evening. We originally planned to hold the night on the 14th of December but we have now changed this night to the 7th December. The night will function as usual in terms of content and times.

The reason for changing the date is based on a worse case scenario. Being close to school holidays and Christmas we wanted to ensure that in the worse scenario of a COVID positive case being in attendance, we would not want people to have to be in isolation for Christmas. With everything that people have been through over the past 18 months, we would not want to have anyone isolating for Christmas when we finally have the chance to spend time with our families.

We hope everyone understands our motivation in terms of wanting to look after our community.

We look forward to seeing more students come along in Term 4.

## Vaccination Requirements For Parents And Carers Attending Schools

There are some new rules that will effect how parents and visitors attend our school in the near future. The following information has been taken from the most recent Operations Guide that provides schools with the operational procedures in these changing times.

All parents and carers attending schools, including for drop off and pick up must adhere to physical distancing, density limits, face mask requirements and practise respiratory etiquette and good hand hygiene.

Parents and carers who enter school buildings must check in using the QR code.

Parents and carers who enter school buildings must also have had at least one dose of COVID-19 vaccine and must have had **two doses of COVID-19 vaccine by 29 November 2021 or have a valid medical exception** with the following limited exceptions:

- when attending to administer medical treatment to their own child when the treatment cannot be administered by the school
- when attending to collect their child who is unwell and cannot leave the school building unaccompanied by their parent/carer.
- when attending for a momentary period that does not involve any sustained contact with staff or students, for example, to collect a completed art project or similar.

Parents and carers attending any event or activity inside a school building including, but not limited to tours, graduations, kindergarten transition, whole of school events are required to show evidence of vaccination.

Parents and carers attending school sites for drop off and pick up who do not enter school buildings do not need to comply with vaccination requirements.

We need to ask our community to understand that these procedures are placed upon us to enforce. The underlying motivation is to keep our young people safe.

We know that there may be some people in our community who find these restrictions very difficult to understand or accept. The last thing we want is to affect our relationships in any negative way. Our staff are not to be subjected to any verbal abuse while they are following these directives. We will need to ask to see evidence of vaccinations. Please ensure you work with us in this process.

If you have any questions or problems make sure you contact Craig directly.
