School review begins on site	Monday 17th July
Glasses for Kids Program	Thursday 27th July
School Athletics	Wednesday 16th August
Book week activities and parade	Friday 18th August

### “Every Day Counts”

If your child is absent from school we must have a note, phone call or you can also enter the reason directly onto COMPASS to explain the absence. This is required by the Department for our records.

Contact School Council: [rceps.schoolcouncil@gmail.com](mailto:rceps.schoolcouncil@gmail.com)

### Asthma And Anaphylaxis Plans

On Wednesday the staff completed their asthma and anaphylaxis training that updates us on how to treat your child in the case of an asthma attack or anaphylactic reaction. It should give you peace of mind as a parent that the staff all know how to look after your child when they really need it.

What we need from the parents of these students are up to date treatment plans. We have a number of students with asthma and some students with anaphylaxis, but unfortunately their plans are not up to date. The plans, developed by your doctor, will guide us in treating your child in the case of an asthma attack or anaphylactic reaction. So please, make an appointment with your GP and update/create your treatment plans. Once complete, we need a copy at the office to be accessed by staff if required. Also, please ensure all asthma puffers and EpiPens are in date. We require these at school to be stored with the plans.

### Class Awards:

**Grade Prep: Zac Everest** for being a self-motivated and active learner. Zac, it has been fantastic to see you quickly getting started on your tasks when working independently and completing them to the best of your ability. You are focussed and try your hardest at everything that is set for you. You are an absolute superstar Zac! Keep up the great work!

**Grade 1: Remy Glen** for being a self-motivated and enthusiastic learner in the grade 1 classroom! You consistently show that you are ready to learn and always try your hardest in all areas of learning. You are a great role model for your classmates and you should feel very proud of your efforts. Congratulations and well done Remy!

**Grade 2/3: Leni Beasley** for being a self-motivated learner. Leni, you have shown this week that you have been organised and prepared with your thinking and materials for your learning tasks. It has also been great to see you continue to be persistent and try your best on all of your learning. Amazing effort Leni and keep up the wonderful work!

**Grade 3/4: Makayla Searle** for your hard work in Writing. We have noticed you being a reflective and active learner by remaining focussed and thoughtfully applying feedback to your work. You should be very proud of yourself!

**Grade 4/5: Mikayla Connolly** for being an active and motivated member of our classroom. Mikayla, we have noticed you remaining focussed on your work, trying your best and being a problem solver. This has been particularly evident during Math's lessons. Well done Mikayla, you should be very proud of yourself!

**Grade 6: Dustan Newey** for being an active learner in the Grade 6 classroom. Dustan, we have noticed you trying your very best with all of your learning. You have challenged yourself with tricky tasks and continued to push yourself. What a legend! Keep it up!

### Whole School Review

Every 4 years our school (and all other government schools in Victoria) has a review of our practices, student results and overall function of the school. This process allows us to dive deep into how the school is functioning and allows us to set goals and targets for the next 4 years. As a school we understand the strengths and also the areas we need to work on. The review allows us to formalise this with the support of 2 challenge partners (educators/leaders from other schools), a reviewer appointed by the Department, our own school leaders, school council representative and representatives of the Department. It really is a thorough review.

The process has been going on for over a term now with many sets of data being analysed and interpreted, drawing conclusions and creating questions that need answering. All this work will be coupled with 3 days of school observation that will take place early next term (week 2). We will have all the stakeholders on site observing classes as well as talking to students, teachers and parents.

After the process is complete, we will have a very clear indication of the direction for our school for the next 4 years. We will share this with our community when the dust settles on the process.

*On the Thursday morning (20th July 8.45-9.30am) we are looking for 8-10 parents who would be interested in being a part of a parent focus group for the review. The reviewer will conduct the session and will be looking for parent perspectives about our school. What is working?*

*What do you value? Where do you think we could improve?*

*If you would like to be a part of the group please let me know. We are setting a limit of 10 places as a large group does not work in this situation. Parent voice is a vital element of the review process.*

## Students School Reports For Semester 1 2023

The students will receive their school reports today. They will each receive a hard copy of the report with 2 letters attached explaining different aspects of the report. The actual report will also be live on COMPASS on the same day in the afternoon.

In the report you will find a letter explaining a slight change to the reporting on your child's attitudes and behaviours. We have modified this area to incorporate the student learning attributes as well. These attributes have been an important part of our classrooms this semester so we wanted to report on them as well as behaviour and attitudes. It does give a complete picture of your child's strengths and areas to work on.

*When you receive your hard copy of the report and the 2 accompanying letters, please ensure that you take the time to read them both. The information in them will support what you are reading in the report.*
